

Hua Shi

3D Animator & Visual Development Artist · Sarasota, FL · hshi@c.ringling.edu · linkedin.com/in/huashianimation · [Portfolio](#)

EDUCATION

Ringling College of Art and Design, Sarasota, FL — Bachelor of Fine Arts in Computer Animation, May 2027

CAMPUS & FREELANCE EXPERIENCE

Character Designer, Ringling College of Art and Design Sept 2023 – Present

- Developed character design variations for worldbuilding and story development.
- Pitched concepts to class with supporting visuals under time-sensitive deadlines.

Computer Animator, Ringling College of Art and Design Aug 2023 – Present

- Produced 20-second animated scenes demonstrating weight, force, and character emotion.
- Designed characters and environments, planned shots with thumbnails, and developed lighting schemes.
- Modeled and textured characters, environments, and props; lit scenes and animated pose-to-pose.

Freelance Artist, Multiple Clients, Nationwide 2017 – Present

- Delivered commissioned character designs, sketches, and illustrations for writing and personal projects.
- Produced a series of fashion designs for existing characters under client request.

INDUSTRY & RESEARCH EXPERIENCE

Animation / AI Research Volunteer, Bournemouth University, Remote Sept 2026

- Tested an AI-driven lip-sync animation tool in Maya and evaluated the quality and accuracy of generated results.
- Contributed animator-focused insights to support development and refinement of AI-assisted animation workflows.
- Communicated with the Bournemouth University research team on testing results, workflows, and tool development.

Animator Intern, 4399 Game, Guangzhou, China June 2026 – Sept 2026

- Animated character–environment interactions, including tree-chopping, jumping, and walk/run cycles, for in-game use.
- Created prop and creature animations, including hit reactions for plants and animals, to support gameplay feedback.
- Rigged characters and props for gameplay implementation, ensuring rigs supported the range of motion needed for interaction animations.
- Partnered across disciplines to resolve technical setup challenges and finalize engine-ready files.
